Why DACO Logistics

Member of

- International Federation of Freight Forwarders Associations.
- FIATA, a non-governmental organisation, represents today an industry covering approximately 40,000 forwarding and logistics firms, also known as the "Architects of Transport", employing around 8 - 10 million people in 150 countries.

- The International Air Transport Association (IATA) is the trade association for the world's airlines, representing some 265 airlines or 83% of total air traffic.

- Vietnam Logistics Association with over 300 member in Vietnam.

- CLN is a global network of 300 independent international forwarders with global focus and local solutions.

- ACEX is an international freight forwarding Group of companies providing transport and logistics services all over the world for more than 20 years.

- OLO build global network, business matching, transaction tracking, cooperation guarantee etc.

Sea freight

- **The typical services of DACO Logistics:**

- Providing client transportation services in exports and imports by sea from Vietnam to all over the world (LCL and FCL) and vice versa.
- Quality of service guaranteed by direct routes through a reputable and prestigious network of agents.
- Competitive rates and fastest transit times, always associated with the liability of carriers.
- Door to door delivery.
- Service supports (Add – on – service).

Air freight

- Transport of exported goods from Viet Nam to all over the world and vice versa for exported imported shipments.
- We can arrange various services transporting from owner's warehouse to airport or to the receiver's warehouse (airport-to-airport, door-to-airport, airport-to-door, and door-to-door).

Customs brokering

- Prepare a complete declaration and customs forms.
- Complete the procedures at ports and delivery.
- Solve any problem that arises.
- Stuffing/un-stuffing cargo at port/factory.
- Delivery of imported goods from port or airport to our customers and vice versa.
- Delivery of goods through distribution centers.

Container trucking

- Freight Forwarding All-included service.
- Stuffing/unstuffing and handling cargo.
- Distribution of goods.
- Transport of oversize, overweight, and special cargo.
- Transport of goods in transit.
- Transport of goods temporarily imported-re-export and temporary export-re-imported.

Transport of bulk cargo

- For break bulk cargo (stored under hatches) as cement, fertilizer, foodstuff... we are the professional solution provider of service supply chain from port to consumer's doors. We can arrange packaging, weighing, counting, inspection, transportation, forwarding...
- With specialized equipment, such as bag funnel, conveyor... we guarantee delivery shipment on schedule, freeing cargo from the ship fast to help our customers save costs.

Liquid/Flexitanks handling

- Flexitank is a bag made of Polyethylene or Polypropylene. Each bag can carry from 10.000 to 24.000 liters of liquid.
 - **Rhinobulk.**
 - **Vinbulk.**
 - **Heatbulk.**
 - **Storebulk.**

Project cargo handling

- Over-weight and over-sized equipments like cranes, turbines, pipes, tanks... require specialized transportation equipments and experience in transport management.
- With our long experience in the industry, we understand well about weight limitation, structure and methods of transporting of such goods. We understand the routines and coordinate all kinds of different vehicles to ensure safety and transportation on time.

Multimodal transport

- Multimodal Transport also known as international multimodal transport is the mode of transport of goods by at least two different modes of transport, on the basis of a contract of multimodal transport from a point in one country to a point specified in another country for delivery.
- With a strong globalized agent network, we have enough capacity to meet various demands for transportation Door to door, through the coordination of many different mode of transport.

Warehousing

- DACO Logistics system's warehouse is located in the industrial zone near the city center, making it convenient for storage and supply of material for production, as well as storage of finished products and distribution to other areas.
- **The warehouse services include:**
 - Management of Export – Import.
 - Load and unload cargo.
 - Packing and packaging.
 - Inventory management.
